100 Head Hourly Mon. Record For Local Cattle Sale

Poor Quality Exceeds Dollar Volume Presenting Other Sales

The local livestock market sold 125 head inter cattle on last Monday than at any one sale since the market was opened.

In gross amount of money the sum received, \$77,325, lacked some \$200 equalling the previous high dollar mark. This was due, according to George Young, Manager, to the quality of animals offered.

Cattlemen of the community are forming their habit of not dehorning or castrating yearling bulls before offering them for sale. Last year, says George, bull meat was high because of no sausage meat from Mexico and but little from South America. If you do not dehorn and castrate the calves before offering them they will bring 1c per pound less.

Next week, Mr. Bailey is expected to bring forty 15,000 white Brahman yearling heifers. The following is the sale for last Monday:

Slaughter Cattle
Steers—Utility 25.75—21.50;
Cutter 23.75-17.75; Canner 15.75
(Continued on Page 3)

COUNTRY FOLKS CAN LIVE DIFFERENTLY THAN CITY COUSINS

Judge Joe White dismissed the suit of four persons who wanted to keep their bars open on Sundays and late in the night, contrary to the recent regulations set by the County Commission for the Glades.

The Judge said "it is entirely reasonable and proper" that the Glades might have different liquor selling hours than the rest of the county. He said that migratory labor as a reason for asking a uniform closing time throughout the Glades.

"We doubt the efficiency of the present hours for the purpose intended, but we think that the county shall have what they clearly ask for—and they asked for this."

"We will be individual inequalities in enforcing such a law, but 'the most good for the most folks' are our rules."

WASHINGTON NEWS LETTER

From
The Dog Days of Congress are at hand.

One of my colleagues cited this period as the pre-convention run "when we work like dogs and won't have much to show for it."

Every presidential year Congress puts on this act. Six weeks now remain before the convention. During those weeks, the long sessions are held.

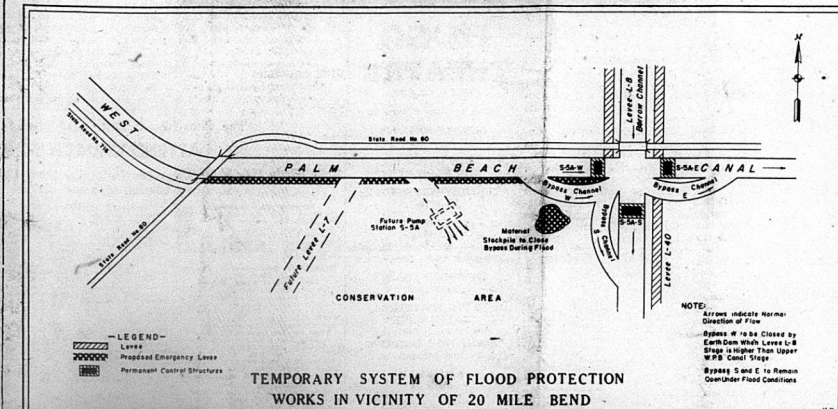

The usual schedule is for committees to hold their meetings at 10 a. m. with the Congress meeting at noon and proceeding until supper time. Now the schedule is lengthened. Sessions will begin in the mornings and the long night sessions will come in being. This schedule will be stretched out until burning of the midnight oil becomes the vogue.

This arduous work schedule will go into effect in order that Congress may pass all necessary legislation and make appropriations for operation of the government during the next fiscal year prior to the Republican National Convention opening July 7 in Chicago. (Democrats will meet in the same city July 21.)

It is recalled that in 1948 the House of Representatives was not completed until 7 or 8 o'clock on Sunday.

PLAN TO MAKE CANAL POINT-SOUTH BAY AREA SAFER

CENTRAL AND SOUTH FLORIDA DISTRICT TAKE STEPS TO FURTHER PROTECT THE EAST COAST COMMUNITIES AROUND LAKE OKEECHOBEE

Work On Twenty-Mile Bend Pump Installation To Be Begun At An Early Date

Flood Waters To Be Diverted Into Conservation Area

Levee L-8 is that part of the Overall Plan stretching from a point on the eastern rim of Lake Okeechobee, just south of Port Mayaca, running southeasterly to the West Palm Beach Canal to a point two miles east of Twenty-Mile Bend.

Levee L-8, at its present stage of completion stops the southeasterly flow of waters from the sand lands north and east of the West Palm Canal.

Where this water will end up has been a matter of serious concern to farmers along the eastern side of Lake Okeechobee, though they are, not versed in the theory of hydraulics; the same problem has caused the professional engineers worries too, and they know hydraulics for water has a habit of going down hill. Canal Point, Pahokee, Belle Glade and South Bay are down hill from where this water starts.

Now, some definite action has been taken to dispose of this water to keep it from backing up from the Palm Beach Canal, to endanger Canal Point, Pahokee, Belle Glade, and South Bay.

The water form Levee L-8 (North of W. P. B. Canal, right) will be channeled across the West Palm Beach Canal into the borrow canal of Levee L-40 (South of W. P. B. Canal). To do this permanently there will be constructed a twin-barrel 7' x 7' foot concrete culvert on the west and east sides of the channel where it crosses the West Palm Beach Canal (S-5A-W and S-5A-E on map).

In the borrow canal of Levee L-40, just south of the West Palm Beach Canal a gated spillway (S-5A-S) will be installed. These three structures will

TEMPORARY SYSTEM OF FLOOD PROTECTION WORKS IN VICINITY OF 20 MILE BEND

ELKS KIRCHMAN AND RABIN ARE ELECTED TO STATE POSITIONS

Two of Belle Glade's Elks were elected to positions in the State organization at the recent meeting held in St. Petersburg

A. E. Kirchman was elected Vice President and Harold Rabin was elected to a five-year membership on the Committee for the Crippled Children's Home at Unimatta.

Exalted Ruler Jimmy Baldwin reported on the Convention to the regular meeting Monday night.

The local lodge voted unanimously to donate \$62.50 towards the expenses of a local negro boy scout, Calvin Taylor, to the annual Jamboree in New Mexico. Jim Wiggins reported that Calvin is an outstanding Scout and is eligible to attend the Jamboree. Having a widow mother and several brothers in the family the boy must depend on friends for expense money to make the trip.

Lester Clark, Chairman of the Entertainment Committee announced that there would be a Shrimp Supper and Stag night in the Lodge rooms at an early date.

Former Governor Dave Sholtz who is Past National Grand Exalted Ruler of the Elks will be the speaker at a joint meeting of the Belle Glade, Pahokee and Clewiston lodges at Clewiston on Flag Day celebration June 14. All members of the lodges are asked to attend this occasion.

BEN RIDER APPOINTED GLADES AGENT FOR N. Y. MUTUAL INSURANCE CO.

Mr. Ben Rider has recently been appointed Field Underwriter to the Glades area on Life, Health and Accident policies for Mutual Life Insurance Company of New York. He has just completed a training course with the company through their branch office in West Palm Beach and States that a continuous correspondence course with the company is required by all representatives.

Since moving to Belle Glade last fall, Mr. Rider has been connected with Bailey Real Estate and will continue working in that firm in connection with his insurance work. Before coming here he was with the Neil Swart Brokerage firm, St. Petersburg Beach for nearly three years.

Born and raised on a farm in McComb, Ohio, Mr. Rider states "farming is in his blood" and this black soil had a much stronger appeal to him than the white sands of the beaches. He is a graduate of Ohio Northern University, Ada, Ohio.

The Rider family, wife Ruth, and 18 months old daughter, Mary Ellen, are residing at 464 Palm Beach Road while waiting for their new home in Sylda Heights to be completed.

A brother Floyd Rider and family have also recently moved to Belle Glade to make their home.

"FOREIGN" VISITORS UNEXPECTEDLY IN ROTARY GOLF PROGRAM

Nairobi, capital of Kenya, British East Africa, was the piece from Belle Glade, but does have mediums of friendly exchange such as Rotary; Tallahassee is not so "many moons away," and it too has mediums of friendly exchange, sometimes paternalistic or patronizing; on Friday both cities were represented by two Rotarians by two speakers—E. F. Dixon of Nairobi Rotary Club and Colin English of the Tallahassee Rotary Club.

Mr. Dixon, a native New Yorker, who has spent 25 years in the East, was entertaining a group of his countrymen and their wives and families and a thumbnail sketch of general economic conditions.

Colin English assumed that a general knowledge exists of the customs and habits of the natives of his balivern, and the biennial visitors, so devoted his talk to the Glades.

Timber lands have seen a steady and substantial increase in price; so have cut-over timber lands, and pasture is in great demand in other parts of Florida, but to me there is no "buy" in the State of Florida to equal those in the much."

"I have a friend in a small way on a star fastening program and who now is one of the largest in the State with thousands of cattle. This man has always, and does now, operate on the basis that the pasture land is worth per acre the equivalent of the value of the cattle they will graze; that is, if there are two \$150 steers on an acre that land is worth \$300 as pasture. He has proven that theory practically by placing cattle on good pasture, allowing the land owner 35 per cent of the gain for feed use, he takes 35 per cent for furnishing the cattle and allows 30 per cent to whichever one provides minerals, medical and other care."

Program chairman Ralph Freeman came up without a program to meet this group, but the visitors filled the gap most satisfactorily.

FHA GIRLS ATTENDING TRAINING CONFERENCE

The Misses Joan Rubin, Dorothy Bresler, Lisa Humphries, Barbara Wedgworth and Mary Claire Corder accompanied by their mother, Mrs. Ann Kirchman, left Sunday for Camp O'Leane where they are attending the FHA Leadership Training Conference being held June 1 through June 8.

Each chapter throughout the state has sent representatives to the meeting where class leadership courses are conducted.

On Tuesday morning a workshop on Journalism will be held under the supervision of Mr. Jack Scaleria of the Florida State University School of Journalism. Miss Joan Rubin was elected State Reporter of the FHA at the state convention held last April in Orlando assisted in the preparation of Tuesday's program. Miss Rubin will also attend the state officers' meeting being held in Gainesville June 8 through the 11th.

A Total Of \$63,036 In Building Permits Issued During May For City

City Building Inspector Willis announced that total building permits for the City for the month of May is \$63,036.

The City Pound took in 2 cats and disposed of 2 cats, but gained three dogs, as only 35 of the 38 dogs impounded were disposed of. A lot of dog licenses were issued, however, 31.

Bicycle tags are issued, garbage permits issued and collected for as well as directing the building and sanitary codes for the City. The Inspector's office issued nine notices for building code violations and nine for Sanitary Code violations.

Summer months are indicated in the Inspector's office when building code violations are to be corrected after the season's activities, and summer is the time when dogs and cats are more likely to become affected by rabies.

The Inspector's office made 169 inspections during the month covering electrical and plumbing in addition to the sanitary and building inspections. A total of \$232.60 in fees were taken in by the office.

Scouting Movement Locally Backed By C. of C. Directors

Directors of the Chamber of Commerce met Tuesday night, Mrs. C. A. Canipe of Pahokee, Mrs. Russell Tucker, Mrs. Robert Allen and Mrs. Walter H. Thames Jr. of this city for the purpose of discussing the possibility of arousing more adult enthusiasm in the Girl Scout Activities in the Pahokee-Belle Glade area. Also present was Mrs. George Young, Secretary of the Chamber of Commerce who is interested in the Scouting movement.

After discussing what has been done in this line and what needs to be done in the future it was decided to remain alive in this area Chamber of Commerce that they would provide all assistance possible such as providing mailing lists, the use of the Chamber of Commerce Office for meetings and the services of Mrs. Young in a campaign to bring together both men and women who would be willing to work in a council for Girl Scouts. Full publicity coverage was assured by Mrs. Young of the Palm Beach Post-Times and Mrs. Thames of the Belle Glade Herald.

Other business on Tuesday night's calendar included the showing of plans for the Port of Belle Glade and explaining the same by Mr. John T. Pickett, city engineer and Mr. Walter Ashley, city commissioner. The motion was passed that the plans be presented to the city council with certain suggested changes.

The designers, unanimously approved the resolution presented by the Port Authority relative to the freight rates by the F. E. C. railroad for cement from Dorena to West Palm.

(Continued on Page 2)

Rice Growers' Co-operative Planning To Let Contract For Plant By July First

SOFT BALL TEAMS TO BE ORGANIZED HERE

All players and sponsors interested in organizing soft ball teams are requested to attend the meeting tonight at 8 p. m. in the High School Auditorium.

Mr. A. J. Richmond states that installation is complete on six poles with four lights to the pole at Memorial Field ready for summer playing and the transformer should be installed by the time this goes to press.

Several local merchants have committed themselves as sponsors.

Interested players may contact Ralph's Market or Richmond Plumbing Company for further information. The teams will play two nights each week with a winter team event being organized from the group for out-of-town competition.

Drive-In Theatre Opens June 17th.

Louie and Jerry, two home-grown products holding up the Gold end of the Gold-Dobrow movie enterprises around the east side of Lake Okeechobee are in a modest fashion announcing the opening of the Lake Drive-In Theatre on U. S. Highway 441 just north of Belle Glade June 17th.

Though built under the restrictions of use of copper, steel and aluminum, the new theatre will embody the latest in outdoor screen entertainment. The screen support is designed to make the "top" of the building which pass us on their way to the northernmost east of the U. S.

The boys are bending every effort to make the most of it who undertake a construction job that some items will be uncompleted but the show will go on on the opening day.

The children's playground, located in front of the screen will be completed as soon as possible so that the tots may be amused without being too confined.

Landscape will be under way and most completed on opening day, and this outdoor theatre is expected to enjoy the patronage of movie enthusiasts from Moore Haven around to Okeechobee.

ANOTHER WAR TRACT BEING READ FOR CATTLE AND RICE

J. W. Turner one of the "rice boys" of Hillsboro Plantation has associated himself with the Human Brothers in the development of the Hinman tract of land lying along the north side of U. S. highway No. 441, just west of the Twenty-Mile Bend, for cattle fattening and rice production.

Present plans call for 400 acres put to pasture and 160 to 320 acres for rice, which will be part of the recently organized cooperative.

The pump house has recently been rebuilt and power units are being installed. The work on the rehabilitation of the dikes and ditches will be begun next week and Mr. Turner will begin the operation of planting grass and reseed the ground for rice.

WIENER ROAST AT PARK ENJOYED BY BOY SCOUTS
Cub Scouts of Den No. 7 entertained the "wiener" roast at Paradise Park. Before having an evening of fun the scouts took scrap books and comics to the local hospital.

A game of ball was enjoyed by the boys and following the picnic style supper more games were played.

Scouts attending included Derry Woods, Jimmy Davidson, Don Hobson, Glenn Blair, Carl Norris, Neil Livingston, Rennie Thomas, Douglas Thompson, Ronald Hudspeck, Billy Carlson, Charles Lockmiller. Also present were Mr. and F. O. Hobson and Mr. and Mrs. W. J. Norris.

President Price Making Tour Of Inspection In Louisiana, Texas and Arkansas

I. L. Price, of Belle Glade, Florida, President of his state's Council of Cooperatives, together with Messrs George Prince and George Drew, vice-presidents of the Banks for Cooperatives of Columbia, S. C., will arrive in Houston Texas on Sunday, June 8th, as a part of a trip thru the rice-growing areas of Louisiana, Texas and Arkansas.

The local Glades Rice Growers Cooperative of which I. L. Price is President, has asked the Bank at Columbia for financial assistance in building the dryer, and grain storage to handle the grain from the more than two thousand acres; so a joint trip was made to study the methods which are marketed in rice area.

The Committee appointed by the Board of Directors has made its report and recommendations and has arranged to place orders for the \$150,000 processing plant not later than July 1st.

Florida Federated Garden Clubs Meet With Glades Clubs

The Fourth Annual Presidents' Spring Conference of the Federated Garden Clubs of Florida held at the Municipal Country Club last Monday. The Belle Glade, Pahokee-Canal Point Garden Clubs were represented in serving the luncheon at this important gathering of women interested in floriculture. Prince received the highest scores in the contest.

Mrs. Eugene A. Smith of Ft. Lauderdale, first Vice President of the state organization and Miss Mary Compton of Orlando, immediate past president, Mrs. William L. Smith of Ft. Lauderdale, Chairman of the Horticulture Committee and Mrs. Lee Bar-

ber of Miami, State Treasurer were among the speakers. Mrs. George H. Newsome of Miami Beach outlined the year's achievements of the state organization.

LOCAL VETERANS OFFICE WILL CLOSE JUNE 16-30

The local Veterans Service office will be closed June 16 thru June 30, according to an announcement made this week by G. J. Bender, service officer.

Mr. Bender has been recalled with his reserve unit for two weeks training with the Air Reserve Corp in Miami.

PAR-TEE LINE

Dancing tonight at the Country Club is scheduled from 8:30 to 10:30 for the youngsters following a two week's postponement due to the many other activities catered for the youngsters.

C. A. Bailey Real Estate will sponsor the Juke Box and the full evening's entertainment is open to all. This policy will be carried out during the summer months, with no division for different age groups due to the fact that many of the young people are away for the summer season, according to Mr. Bailey.

The Fun reports that Rapley Weeks and Louise Rhodes were the winners, using the club handicap system, at Ladies' Day last Friday.

and son, Glen, Jr., were week end house guests of Mr. and Mrs. Joe H. Hodges. The two couples are leaving Brookville shortly for Buford, S. C., where they will remain for several months in the company of the Mack Asphalt Company.

A. M. McAllister is a patient at Pratt General hospital in Coral Gables following a sinus operation.

Mr. and Mrs. Leon H. Willis have gone to their summer home at Okechobee planning to remain until school opens again.

Mrs. G. A. Prime and her mother-in-law Mrs. Chilton Prime of Lithia are visiting the former's sister Mrs. A. L. Gatlry.

Mr. and Mrs. S. M. McAllister, Miss Frances McAllister and Miss Eunice McAllister have returned from Ashburn, Georgia, where they attended the funeral of her grandmother, Mrs. B. A. Hobbs.

Mr. and Mrs. J. F. Fralick and family left the first of the week to spend the summer in Jacksonville.

Mrs. Idella Finley and son, John left Monday for Akin, S. C. where John will be employed during the summer.

Mr. and Mrs. W. C. Allen and granddaughter, Susie Allen, attended a double family reunion in Sarasota Sunday at the State Park. Some 75 relatives attended the picnic reunion, among whom were Mr. and Mrs. James Hunter of Nokomis, Mr. and Mrs. J. S. Kimberly of Miami, Mr. Allen's nephews and niece, Frank and Urh Hart and Mrs. Herman Levin of Sarasota, Hixon Hart and wife of Atlanta, Ga.

Mr. and Mrs. L. H. Rosendahl and family of Naples spent a week's vacation at the beach in Miami and visited her parents Mr. and Mrs. C. A. Armstrong at Bean City recently.

Mr. and Mrs. T. E. Weather and children were week end guests of Mr. and Mrs. James Harris in Lake Worth Sunday afternoon and evening guest of her parents Mr. and Mrs. W. M. Jeffries. Mr. and Mrs. Billy Jeffries of West Palm Beach were also Friday to Sunday guests of his parents.

Mrs. W. C. Allen, Miss Jane Allen, Branon Hart, Mr. and Mrs. Thomas Bregger, John Bregger, Mrs. Jack Rashley, Mrs. Lucy Gregory, Mrs. G. E. Tedder and Mrs. Sylvia Jones of Everglades American Legion Post No. 20 attended the Bingo party at Pratt General hospital in Coral Gables for veterans on Monday evening.

SOUTH BAY SCHOOLS CLOSE SUCCESSFUL YEAR

The South Bay schools closed for the summer vacation last week. Classes were dismissed on Wednesday, pupils returning Friday for their report cards and certificates of promotion.

Twelve eighth graders, one girl and 11 boys were promoted from the South Bay Junior High to the Belle Glade Senior High. Barbara Jean Willis, daughter of Mr. and Mrs. E. M. Willis and James Purcell, son of Rev. and Mrs. James N. Purcell, were awarded citizenship and scholarship medals for outstanding work.

Others in the class were Bobby Brown, Louis Buckner, Milton Cumpston, Willard Garrett, Bobby Manga, Pascal Martin, Donald Tanner, Buddy Weaver, Larry Williams, Tony Woodham. Principal Calvin J. Peacock completes his work with the close of school and is being transferred to the Belle Glade Schools as athletic director and football coach.

Mrs. Olga Hardy, second grade teacher, is planning a vacation visit among relatives at Bonifay and Panama City.

Mrs. Leszie Martin will leave about June 15 for a family reunion in Mississippi. Mrs. Martin teaches the third and fourth grades.

Mrs. Editha Eckman and Mrs. Ruth Murphy, first grade teacher and fifth grade teacher are planning on vacationing at home here for the present.

Miss Barbara Myatt, seventh and eighth grade teacher, will leave soon for Nashville, Tenn. to enroll for the summer session at Colgate University.

THREE ACCIDENTS IN SO. BAY AREA OVER WEEKEND

The highway patrol had a busy week end on SR No. 80 with two highway accidents between South Bay and Belle Glade and one at Twenty-Mile Bend and several minor accidents in which there was little damage either to vehicles or the drivers.

Saturday afternoon at 2:30

Frank Simmons, age 39 of Clewiston, slowed down during a heavy afternoon shower to make the turn off the highway into the Okechobee Camp, Eula Mae Smith, age 28, from Ft. Pierce unable to stop her car crashed into the rear end of the Simmons car. Neither the drivers or passengers were hurt. Several hundred dollars damage was done to both cars, Patrolman Sheffield reported.

Forty minutes later Willie Tom Hutton, negro, age 25, lost control of his car about half way between the two cities and within a short distance of the earlier accident. The car side-swiped three pine trees and went into the canal. One passenger was thrown out before the car struck the water, the other two went into the canal. All got out safely. Hutton suffered from shock and possible internal injuries. The third passenger was not hurt. The Ford was a total loss. Sunday morning at 5:50 four teen age boys driving a 1939 Dodge missed the turn onto SR 80 from SR 700 and crashed into a pile of felled trees, completely demolishing the car.

The driver, Joseph Earnest Parker, age 18, had head injuries, the other three minor injuries. They were on their way home to Fort Lauderdale from Gainesville where they had gone to make arrangements to enter the University.

High speed or too high speed for the condition of the road was a contributing factor to all three accidents, Patrolman Sheffield stated.

75 ENROLLED IN SOUTH BAY VAC. BIBLE SCHOOL

Vacation Bible School, conducted each summer by the So. Bay Baptist church, opened on Monday, June 2 with a good enrollment.

Classes in Bible Study, handicraft, singing and recreation are conducted daily from 9 to 12 Monday through Friday. The faculty consists of Mr. R. A. Hall, principal; Mrs. E. J. Leathlean, supt., of the Juniors assisted by Mrs. James Jackson, Mrs. Ruth Miners, Mrs. W. E. Clineard, Mrs. Kenneth L. Warren.

Beginners, Mrs. Louise Ferguson, superintendent assisted by Mrs. D. N. Partain, Mrs. Carroll Warren, Mrs. A. B. Barnes. Juniors, Miss Helen Prevatte, Mrs. Linton Miller, Mrs. W. G.

Bowen. Intermediates, Mrs. James N. Purcell. Nursery Miss Hazel Prevatte, Miss Joyce Brown. Secretary, Mrs. W. M. Jeffries. Social Chairman, Mrs. Jay Smith.

All children in the community are cordially invited to attend the Bible School. Enrollment the first day was 75 according to secretary Mrs. W. M. Jeffries. The school opened with a parade from the church down Main street to the city hall and return.

Federal taxes on petroleum products totaled more than \$719,000,000 last year.

4-door, 6-passenger Special Sedan.

Picture of a Pair who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more—and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more—and still get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes.

So you ought to find out how this car rides the road—the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflow Drive*

feeds the power—with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this—because a lot of folks have told us this: No matter what car you're driving now—no matter what cars you've looked at—they'll never seem the same after you try this one.

Just give us a chance to prove it—and you'll have a lot of fun.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.
